Dear Jon,

I wanted to let you know that I am settled into my new place and just love it. Thank you so much for all of your help.

You were terrific to work with, and I sincerely appreciated all of the extra assistance you gave me with finding a mortgage broker, the handy-man, furnace company recommendations, and a whole host of other advice.

I also appreciated your willingness and ability to ensure that I found such a nice place in such a short time frame. People are amazed when I tell them that it was only three weeks and a couple days from the time I first called you to the day that I closed!

Again, thanks. I wish you much continued success. I will definitely call you for any of my future real estate needs!

Sincerely,

Mary G. Buckley
